## Rice Cake Faces

### Ingredients

4 rice cakes  
4 tablespoons natural yoghurt  
Few drops of runny honey  
Fresh fruit: kiwifruit, strawberries,  
grapes, blueberries, oranges,  
apples or bananas  
Dried fruit: sultanas or cranberries  
Lemon juice (if using apples or  
bananas)

Any type of fruit yoghurt can be  
used instead of the natural yoghurt  
and honey if you prefer.

### Method

Prepare and slice the fruit. Halve the grapes and strawberries and dip the apple and banana slices in lemon juice.

Mix together the yoghurt and honey.

Spread the yoghurt over the rice cakes.

Make faces with the fruit – let your imagination run wild!
